Chairman Message

OMAR AL QADEEB
Chairman of Board of Director

STEPS WE HAVE STARTED AND ARE CONTINUING

WATCO is considered one of the leading Saudi firms in the field of supplying electrical materials and high quality illumination solutions.

It was founded by Omar Bin Mohammed Bin Omar Al Qadeeb in 1977 to provide remarkably efficient brands and products. WATCO products are one of the products that witness firm's commitment to high technical standards which guarantee lead and pioneering. Such products focus on varying the solutions offered to clients in all fields e.g. industrial, commercial, services, ...etc.

WATCO has emerged quality, integrity and credibility altogether which led to clients support and satisfaction.

Our Vision ——

To be a leading solution provider to our client around the Kingdom with their complete demands related to Electrical, Lighting and all related building material products.

Our Mission —————

To provide the highest standard of product and services with excellent customer care.

To support our clients in meeting their project requirements in terms of delivery with our stock availability.

To assist our clients/customers in all stages of project with our engineering and technical team.

To satisfy the technical requirements and specification of the customer / clients.

Works & Trade Co Ltd "WATCO" is one of the old importers and distributers of electrical materials in the kingdom of Saudi Arabia. Since its established in 1977, WATCO has continuously dominated the market as the Most Highly Sales Performance Awardees from the world leading manufacturers and suppliers with complete range in electrical materials.

WATCO strategically spread its network through projects sales , showrooms, branches and warehouses throughout the kingdom of Saudi Arabia and GCC which provides effective support to client's requirements covering a wide range of products. WATCO is able to offer competitive products and services to its highly demanding customers across the region.

Our Head Office that was an integrated Project Office in Al Khobar composed with a professional sales team and supporting staffs for our customers in proposing and recommending technically acceptable & approved materials and solution confirming that a complete project specifications with most competitive prices.
